HMXP Group Oral Report

<u>Requirements:</u>

1. Each group will find a time to meet with me a) to discuss the assigned reading and b) to brainstorm teaching ideas.
2. Each group will plan a brief presentation (10 minutes or so) and a series of discussion questions that will allow them to engage the class for the entire 50 minute class period.
3. After teaching the class, the group will turn in:
   a. A lesson plan (detailing the information to be included in their brief presentation and listing any discussion questions they plan to ask the class)
   b. A copy of any Power Point or Computer Material they may use
   c. A bibliography listing any webpages or outside sources they used while planning the presentation (sources should be listed alphabetically in MLA format)
4. Each individual student will privately turn in an analysis of each group member's participation in the project, as well as a brief "self-analysis," listing their own efforts and contributions.

80% of the presentation grade will be a "group grade" that all members receive; 20% will be an "individual grade" assigned to each member based on his/her contributions to the project.
