Dear Ms. Johnson:

The enclosed report explains the importance and process of starting a recycling program at Paces River.

The results of a 50 resident survey are thoroughly discussed in the report, with a number analysis in Appendix A. The residents want a recycling program that is convenient for them. A step by step procedure to start a recycling program is included to help.

I am sending a copy of this report to Dana McKnight, Coordinator of Rock Hill Clean and Green. I will help in seeing this project followed through. I look forward to further discussing a recycling program with you. Feel free to call me with any questions. Thank you for your concern.

Sincerely,

Faith Hill
