Since this is a new course and you are a major part of its development, I would really value your input on the progress of the class so far. This is an anonymous evaluation—please do not put your name on it. Thank you in advance for your thoughtful input!

Please look at the list of goals on the class website. How well are we meeting these goals?

What about class is helping you most in your learning? What other sorts of activities or approaches could we have in class to better support you in your learning?

To other side, please.
To what extent are the readings helping you meet the goals of the course? What would help you use the readings more effectively?

To what extent are the assignments you are completing helping you meet the goals of the course? What changes would you make in them to better support your learning?

What can I do as the teacher to better support your learning?
