Programming Assignment
Here you will be completing a programming exercise using the Hour of Code website.

Code.org
Go to http://code.org and make an account

Hour of Code
Under the Learn tab, click Hour of Code

Classic Maze
At the top of the screen you will see a list of featured tutorials. Scroll through to pick “Classic Maze” which is an Angry Bird tutorial. And click “Go”
Complete this tutorial

When you’ve gone through all of the steps all the green dots at the top will be complete. Your grade will be based on how much you complete.

When you’re done take a screenshot of your program and attach it to Blackboard. You are screenshotting the screen above with the green dots. Make sure your name is in the upper right hand corner (Notice how mine says “Hi Portia”).

How to Submit

- Submit your screenshot on Blackboard under the Assignment Called “hour of code”
